Antioch, Lake Villa Delinquent Tax Lists Published this Week

County Treasurer Fredbeck to Ask Judgments for Back Taxes

A list of delinquent taxes for Antioch and Lake Villa townships is published in this issue of the Antioch News, together with the notice that Gustaf H. Fredbeck, county treasurer and ex-officio county collector of Lake county, will apply to the county court Sept. 27 for a judgment against an order to sell the lands and lots mentioned for the taxes, penalties and interest accumulated on them.

The taxes date back as far as the year 1910. In some cases the lands listed are of ownership unknown to the tax collector, and the taxes accumulated on them over many years have mounted into sizeable sums.

The application for judgment will include application for an order to sell the properties for the satisfaction of the amounts due against them.

They will be offered for public sale in the courthouse at Waukegan Oct. 11, at 9 a. m. The sale will be continued from day to day until it is completed.

BOWLERS' MAJOR LEAGUE TO MEET FRIDAY EVENING

With re-surfacing of the Antioch Recreation alleys rapidly being completed, local bowlers are busy this week preparing for the opening of their season next Monday.

Friday evening the Major league will hold its final pre-season meeting. The Business Men's league is to meet Thursday evening. A meeting of the Tavern league took place Tuesday evening.

A team may be made up of bowlers from the various club farms in the vicinity of Antioch, according to Manager Louis Bauer of the Recreation. Plans for this are not yet complete, however.

Next week's starting schedule is: Tavern league, Monday night; Women's No-Handicap league, Tuesday night; Women's Handicap league, Wednesday night; Business Men's league, Thursday night; Major league, Friday night.

Bowling will start at 7:30 o'clock each evening.

Anderson Infant Sustains Skull Fracture in Fall

Penny Elizabeth Anderson, nine-month-old daughter of Mr. and Mrs. Burt Anderson, was taken to St. Theresa hospital Monday morning for injuries received when Mrs. Anderson fell down a stairway at their home on Orchard street with the baby in her arms.

Mrs. Anderson, holding the baby in her arms, was reaching to close the door at the head of the stairs when the door knob came loose and caused her to lose her balance and topple down the stairs.

She and the infant were taken to St. Theresa hospital by a neighbor, Mrs. Leo Moran, and on examination there the child was found to have a skull fracture.

Lions Enjoy Golf Meet and Dinner

Thirty-one members of the Antioch Lions club enjoyed a roast, beef dinner and informal talks in the Chain O' Lakes Country clubhouse Tuesday evening after an afternoon of golf.

Informal talks in the evening completed the program of the outing, which has for a number of years been an annual custom.

Gold plated porcelain cup trophy for low gross—"Bernie" Fields.

Second low gross—O. W. Turner. Low net—Ed. Vos, E. C. Jacobs, W. E. Capper, Louis Bauer, Frank Powles and George Wagner.

Blind bogey and additional prizes were also conferred.

Hold Services for Lake Villa Man

Funeral services for William Edward Curney, 72, of Lake Villa, were held Wednesday afternoon at 2 o'clock in the Strang Funeral home, with the Rev. L. H. Messersmith of Millburn officiating. Burial was in Rosehill cemetery, Chicago.

Curney had been a resident of Chicago until a year and a half ago. He is a brother of Mrs. Arthur E. Bennett, Lake Villa.

Born in Chicago on July 14, 1871, he was the son of the late Mr. and Mrs. Frank Curney.

"Innocent" Says Beer Dealer; Held to Jury

Erwin Brezina of Ingleside, head of the Brezina Distributing company of Antioch, has been ordered held to the grand jury in Chicago on a charge of receiving stolen property from an interstate shipment.

Brezina pleaded innocent when arraigned before U. S. Commissioner Edwin K. Walker last Thursday.

He was charged with purchasing 485 cases of beer from Walter Bartkowiak, Milwaukee truck driver. The beer had been consigned from a Milwaukee warehouse in the White Sox baseball park in Chicago.

"PICNIC" LUNCHEON FEATURES ANTIOCH FIREMEN'S PARTY

A "real, old-fashioned good time" was enjoyed by Antioch firemen and their families, to the number of 100, at their annual party held Sunday afternoon and evening in the Danish hall.

The get-together had originally been planned as a picnic, to be held at the Grade school, but because of the rainy weather, plans were revised and it was held at the hall instead.

A barbecue style luncheon was served at 2 o'clock. Games, and songs and accordion selections by Frank West, occupied the afternoon and continued on into the early evening.

Many compliments were given to Louis J. Nielsen, of Nielsen's Corners, who acted as special "host" for a part of the luncheon. C. J. Roeschlein, chef de luxe, and to Konig's bakery, for use of some of its kitchen facilities.

All of the committees and workers who helped to make the affair a success were praised highly by L. R. Van Patten, fire chief, for their contributions.

Clete Vos was general chairman for the picnic, assisted by the entire membership of the department.

Several of the wives of members, including Mrs. George Garland, Mrs. Einar Peterson and Mrs. Irving Elms aided in supervising the games for the children.

Chain O' Lakes Annual Tournament Is Announced

Chain O' Lakes Country club will hold its annual tournament Saturday, Sept. 25, according to Fred Hawkins, manager.

In addition to the golf events, there will be dinner at the club house. Reservations may be made with Hawkins at the clubhouse.

An over-heated furnace pipe at the Klein cottage, Channel Lake, brought a call to the Antioch fire department Friday afternoon at 2 o'clock. There was no damage. Chief L. R. Van Patten reports.

News of the Boys in Service

"I see the Antioch people are not taking any back seats when it comes to raising war bond funds or making blood donations," observes Pfc. Herbert Prange, who has been seeing action in some of the campaigns. "Just keep up the good work. I have done a bit of traveling since I left the states... but there is no place like the good old U. S. A."

Walter (Simonsen, fireman 2nd class) has certainly enjoyed receiving the Antioch News. Although he is on the move most of the time, your paper does catch up with him occasionally, and you can be sure it is most welcome," Mrs. Simonsen writes from Waukegan.

Ensign M. S. Pfleger, Channel Lake, who attended the University of Illinois, is among the Navy and Coast Guard officers graduating from a training course at Edgewood arsenal, Md., Sept. 11.

Cpl. Gordon Good, who has been studying advanced civil engineering in the army specialized training program, at Washington university in St. Louis, Mo., was a recent visitor here.

Pfc. William ("Just Bill") Kree writes from an APO address that he would "like to say hello to all my friends in Antioch," and adds, "I know the people back home are really helping us boys in many ways."

It's now Sgt. Lorraine Pape of the WAC at Almagordo, N. Mex.—or have we mentioned this before?

Howard Russell Atwood, 18, son of Mr. and Mrs. Charles Atwood, Rt. 2, was graduated Sept. 5 from the Service School for Machinists at Great Lakes Naval Training station. Atwood, fireman third class, was selected on the basis of his "boot training" aptitude tests, which indicated ability in mechanics. His course of study included work with drainage systems, distilling plants and internal combustion engines.

Charles George Gafis, son of Mr. and Mrs. George Gafis, was commissioned a second lieutenant in the U. S. army Sept. 4, upon successful completion of the officer candidate course at Fort Benning, Ga., infantry school. Gafis enlisted in the army in Feb. 1941, and served in an infantry division in Iceland. He attained the rank of sergeant before being commissioned. He is a graduate of Iloke Smith college at Atlanta Ga.

Warren Sheehan, Sic, writes, via Fleet postoffice, "the natives are always willing to help in any way possible; they have a great variety of interesting habits and beliefs, and one never tires of watching and listening to them. My good friend Don Minto and I have been separated for quite some time now, and I miss our old get-togethers—we could put our news from home together and keep well posted."

"Dear Editor," says Jim Jones, Aviation student at Lexington, Ky., "here is my monthly letter on where I have moved to: I am sort of ashamed to keep having you change the address... but, this is the army, and it isn't my idea... It seems that we are the recruits around here, and we have to 'double time' to all formations. As soon as some other group comes in that will stop, I hope."

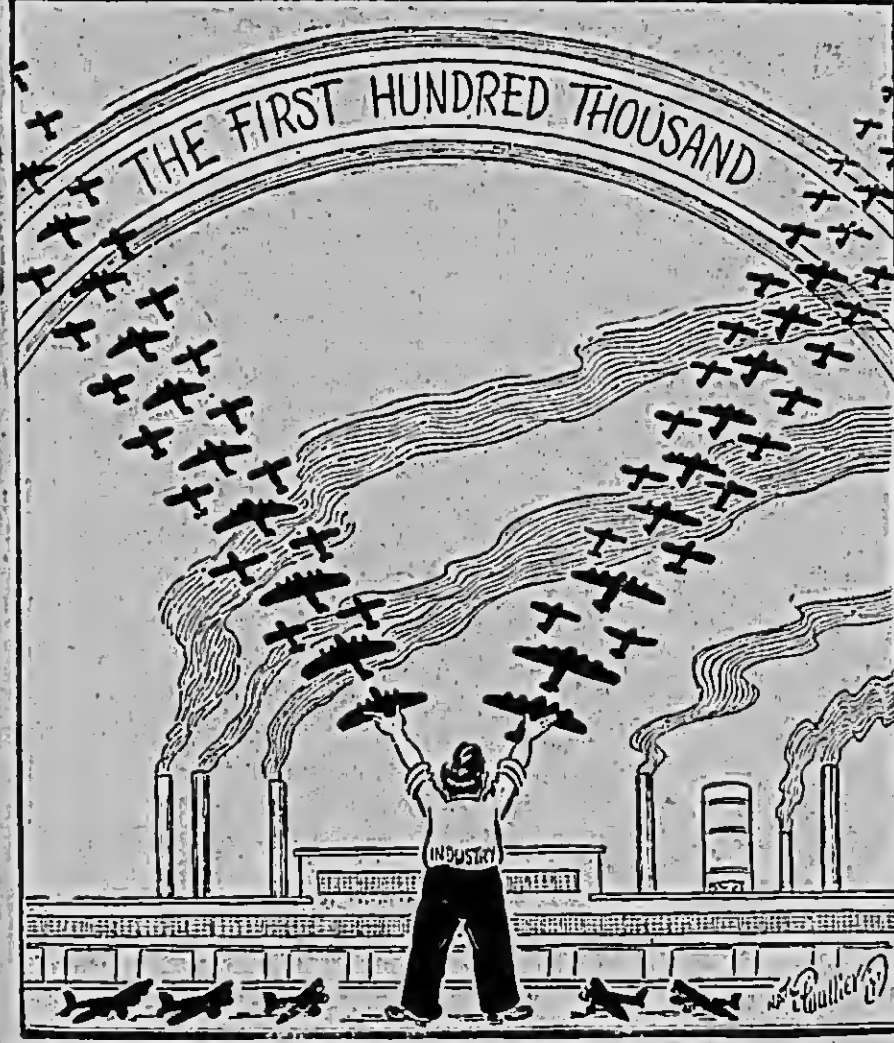

Pvt. Frank Ruscelsky, who has been stationed at North Camp Hood Texas, has been visiting his sister, Mrs. Ellis Fisher, Lake Villa, and other relatives and friends here since Sept. 7. He will leave to return to duty today.

Mrs. John Doyle of Channel Lake has received word that a nephew, Sgt. William T. Barton, has visited her birthplace, at Manchester, England. Staff Sergeant Barton, who was attached to a bomb squadron, was in a hospital in England for a time. After his recovery, he had an opportunity to visit a number of places of interest there.

Pfc. Ray Quendenfeld, Scot Field, arrived home Monday for a three-day visit with his parents, Mr. and Mrs. Henry Quendenfeld. He is at present studying radio work.

Mrs. Phil Blanski has received letters from her nephews, Pvt. Charles J. Smith and Pfc. Ed. Smith, both of whom are serving overseas with the U. S. army. Ed writes, "Enclosed you will find a little hanky. I wish it could be something big, like an airplane or tank." To which his aunt observed, (continued on page 6)

NOW IT CAN BE TOLD

Atkinson Called Up by U. S.; Closes Restaurant

Mr. and Mrs. John Atkinson, who have built up a large circle of friends since they first began the operation of Atkinson's Restaurant at 900 Main street in June, 1939, have closed the establishment, due to Mr. Atkinson's being called into U. S. service.

Saturday was the last day the restaurant was open to the general public. On Monday they moved and stored their fixtures, in keeping with plans to return here at some date in the future.

While here, they maintained a fine reputation as proprietors of the establishment with excellent home-style cooking and modern service. Mr. Atkinson has been active in the Lions club and Mrs. Atkinson is a member of the Antioch Business and Professional Woman's club.

ANTIOCH SPORTSMEN INVITED TO "DUCKS UNLIMITED" PICNIC

Residents of the Antioch area who are interested in aiding the work done by Ducks Unlimited, particularly with regard to the sponsoring of a breeding ground in Canada to be called "Lake Illinois" are being invited to attend a picnic and buffalo roast to be held at Riverside, Ill., Sunday, Oct. 3.

Tickets will be available at the Antioch Lumber company offices; at Nielsen's Barbecue, Nielsen's Corners, Highway 59 and Grass Lake road; and at Clarence Olson's, Highway 21, one mile south of Antioch. Olson, whose telephone number is 155-J-2, is acting as chairman of the Antioch arrangements and transportation committee for the picnic.

The affair will be open to the families of sportsmen who are interested, and will be held at Bergman's grove at Riverside, commencing at 8 a. m.

The Melody ballroom, which can accommodate 2,000 persons, has been rented for the gathering. Present plans include the arrangement of group transportation to Riverside, Olson says.

"Grand Opening" at The Roundup Is Announced

"Arnie and Marie" (Mr. and Mrs. Arnold S.) Hanson are issuing an invitation this week to their friends to attend the "Grand Opening" at their Roundup restaurant and tavern on Highway 21-83, Saturday evening and again on Monday evening.

A luncheon will be served and there will be special music, featuring Miss Grace Timmerman and her "Solovox" Saturday evening.

The Hansons, formerly of Evanston, where "Arnie" was manager of Al Bailey's Cormaine roadhouse, took over the Roundup the first week in August, but postponed the formal opening until arrangements could be completed for greeting their friends there suitably.

Tenth District to Install New Officers Friday Night

Installation of Tenth District officers of the American Legion will be held in Libertyville Friday evening at an open meeting. John L. Horan, district scribe, is among the new officers who will be installed.

The Libertyville Legion post is acting as host for the evening.

The Tenth district women's auxiliary will hold its installation at Highland Park, Wednesday evening at 8 o'clock. Previous to the installation, a dinner will be held at 6:30 o'clock in the Y. W. C. A.

RED CROSS UNIT ASKS FOR MORE VOLUNTEER AIDES

Twelve hundred surgical dressings were made by the Antioch Red Cross unit Tuesday morning and afternoon. This is a "record" to date, leaders stated.

Members of the unit are busy working today in an effort to rival or better this number.

Work done by the unit is all volunteer work; by women who give up anywhere from a half hour to a day of their time in behalf of Red Cross work.

Additional workers are always needed, it is announced. The Red Cross headquarters are in the Antioch Rescue squad rooms over the Five and Ten Cent store.

The Red Cross is planning to sponsor a drive in the Chicago area to enroll 10,000 more women in volunteer work. The drive will open Sept. 20 and will continue to Sept. 25.

Mrs. James A. Cathcart, Chicago, chairman of the volunteer special services, states in announcing the enrollment drive:

"The Red Cross needs the help of every woman. Too many women are easing up in their efforts to help win the war because they now feel that victory is certain. Instead, the progress made by our armed forces to date should inspire our women to the greatest possible effort so that the final victory may be speeded as much as possible and not a single American life lost through failure to back up our boys."

Yes, It's Been Cool. This Sept. in Antioch; Weatherman Says So

The community of Antioch, never one to be outdone in any fashion, went Chicago one better the other day—or one worse—even if it was only in the matter of the weather.

When Chicago weather observers reported a minimum temperature of 44 degrees above zero Friday morning as the lowest since they started keeping records in 1871, did that faze Antioch?

No, indeed, for Postmaster Roy Kufalk's official meteorological thermometer showed a light temperature of only 43 degrees above zero, and furthermore, a "light white frost" was noted.

And on Saturday, Sept. 11, the temperature did another nosedive, down to 38 degrees above zero. The warmest recorded temperature for the month was 85 degrees, Sept. 1 and 5.

Horse Stealing Charge Dismissed

Charges against a 16-year-old Loon Lake youth accused of taking a saddle mare from the farm of Jack Connelly, Millburn horseman, Aug. 30, were dismissed by Justice of the Peace Harry Hoyt last Thursday in Waukegan. It was revealed that the youth had cared for the animal over a period of a year or more while it was on the farm of a previous owner, and was apparently much attached to it.

Assistant State's Attorney George Field, while prosecuting the case, gave it as his opinion that the youth did not intend to "steal" the animal with the intention of keeping it, and also called it to the attention of the court that the lad had been kept in the county jail for eight days while awaiting trial.

The Royal Neighbors Officers club will meet Tuesday evening, Sept. 21, at 8 o'clock at the home of Mrs. Will Runyard. Mrs. Quendenfeld will be co-hostess.

War Bond Drive On In Earnest In Antioch, L. Villa

Lake Villa Drive Has Already Reached Sum of \$57,950

Antioch township's Third War Loan drive committees are hard at work in the endeavor to meet the quota of \$89,000, including Series E, F and G bonds, and Market Issues and Series C tax note sales to individuals and corporations.

Total sales figures for Antioch in the drive are not yet available, according to Otto S. Klass, township bond chairman, who has appointed Atty. Edward C. Jacobs campaign manager for the drive.

Lake Villa Enthusiastic E. K. Hart, co-chairman, with William Weber, of the third annual war bond drive for Lake Villa township, reports that 72 persons there have accounted for a total purchase of \$57,950 worth of bonds at the Lake Villa Trust and Savings bank.

This sum represents only bonds that have actually been bought and paid for so far in the drive. Additional pledges have been made which will raise the total much higher, Hart says.

Of the total amount bought so far, about \$400 purchased by four individuals does not apply to Lake Villa township, but consists of purchases made there by people from other localities.

A large committee is continuing energetically with the drive in Lake Villa township, and is making a house-to-house canvass.

Blood Bank Is Sponsored by Lake County Firemen

Already attracting attention for its fine work is the blood bank sponsored at St. Theresa hospital, Waukegan, by members of the Lake County Firemen's association and their wives.

Donations of blood are given free of charge to persons in need of them.

Those who have given donations from Antioch include Mrs. Elmer Hunter, Mrs. Herman Rosing and Fire Chief L. R. Van Patten. Antioch is the only department where the women have given blood donations, so far as is known, although firemen in the other departments in the county have donated blood.

The blood bank is designed to be of especial value in emergencies such as accidents.

While it is maintained as a free service, persons wishing to give aid to this project may make checks payable to Carl Helquist, of the Waukegan fire department, who succeeded Clarence Shultis of Antioch as county secretary.

Holstein Breeders Hold Field Day at Arlington

More than 1500 dairymen and farmers from northern Illinois and southern Wisconsin, including many from this area, with their wives and children, braved a rainy September Sunday to attend the Illinois Holstein Field Day and Herd Classification demonstration held by the Illinois Holstein Breeders' association at Curtiss Candy company's farm near Arlington Heights.

E. H. Ravenscroft of Antioch, vice-president of the Holstein-Friesian association of America, was among the guests of honor. Leslie H. Geddes, president of the Illinois Holstein association, was chairman. A. A. Kohlbusch, president of the Lake county Holstein association, which was among the sponsors of the event, and Otto Schneringer, president of the Curtiss company, took part in the program of welcome.

Prize winners in judging contests include Marvin Wirtz of McHenry, second in the boys' division of the junior showmanship contest; Rita Wegener, Ingleside, second, Arville Fisher of McHenry third, and Jean Wray of Grayslake, fourth, in the girls' division.

Mrs. Roy T. Nicholas, Grayslake, first in the women's division. Lila Fisher of McHenry was first in the girls' division of this contest.

Henry Jones, vice-president of the Callu-Cotton company, Chicago, died Thursday evening. Jones, who lived on Edmer road, Oak Park, had maintained a summer home at Petite Lake Highlands for the past 16 years.

Pvt. Richard Luedtke, Veterinary Unit, Ames, Iowa, spent a week's furlough with his parents, Mr. and Mrs. Otto Luedtke.

Fire Hazards in the Home

Two-thirds of the ten thousand persons who burned to death in the United States in 1941, perished in homes. In spite of these figures, it is hard to convince anyone who has not witnessed or experienced the lightning-like destruction of which fire is capable, that an agile person might be unable to flee the comparatively few feet necessary to reach safety from the confines of an ordinary home. Many remain unconvinced until in screaming terror they pass out of this world, victims of their own ignorance.

Home fires frequently originate in basements. In less than five minutes any fire can generate superheated air to temperatures of from 400 to 500 degrees. This superheated air rises through every avenue to the higher sections of the building and endangers every inhabitant, for no one can breathe air of that temperature and live. Within ten minutes, as the fire progresses, the air temperature increases to between 800 and 1,000 degrees. When air of this temperature concentrates in attic spaces or upper halls, it spontaneously sets fire to every item of burnable material. Frequently fire is found in the basement and on the top floor, with no flames in sections between. Thus is explained the awful apparition of a house spouting flames from every window in a matter of seconds.

Failure Inexcusable

There has been an unforeseen slowing down in war production. It is threatening military schedules which are based on securing certain kinds and quantities of equipment on specified dates.

Lieutenant General Brehon Somervell warns that "only two-fifths of our program for 1943 was accomplished in the first half of the year." As a result, monthly schedules in all elements of our Army program must be speeded up to attain the procurement goals necessary to provide our growing Army with enough and on time.

"... Our military success," points out the General, "instead of offering a chance to relax, actually quickened the tempo of our need for the materials of war. With every victory the need to turn on the power as never before will become more and more pressing."

"We must pour into this war the entire strength and intelligence and willpower of the United States. We cannot afford to waste our substance or the lives of our men by relaxing along the way."

It is up to every American citizen to heed these words. They were spoken in deadly earnestness. Failure cannot be excused when the lives of men are at stake.

WEEKLY NEWS ANALYSIS

Italy's Unconditional Surrender Marks Real 'Beginning of the End' for Axis; GOP Outlines Foreign Relations Plank; Red Army Retakes Ukraine Farm Lands

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)
Released by Western Newspaper Union.

ITALY SURRENDERS: One Down, Two to Go

Five days after British and Canadian troops stormed across the Messina straits to land on the Italian mainland, Italy surrendered unconditionally to Gen. Dwight Eisenhower.

When Marshal Pietro Badoglio's government gave up, it marked the first split in the Rome-Berlin-Tokyo Axis. First indications of the Italian collapse came with the ouster of Benito Mussolini.

Left to hold Hitler's vaunted European fortress were German troops, themselves engaged in a major retreat in Russia, and the Nazis' smaller Balkan allies. While capitulation of Italy exposed central Europe to heavy bomber attack, the Alpine district presented a formidable obstacle to an Allied ground advance into southern Germany.

Hundreds of thousands of her troops killed or captured in North Africa; her elaborate railroad system torn to shreds; her fair cities smoldering in ruin, and lacking the natural resources to carry on war, Italy sought the easiest way out of the conflict.

SOUTHWEST PACIFIC: Isolate Japs

Australian troops were hacking their way through jungle brush to the northwest of Lae, New Guinea, when a cloud of American planes appeared overhead. The next moment the sky was filled with tiny white puffs, marking out Allied paratroopers, floating to earth to assist in the encirclement of 20,000 Jap soldiers.

Gen. George Blamey

Previously, Australian units under Gen. George Blamey surprised the Japs by landing in force to the east of Lae. Moving quickly, they advanced on the big enemy base even while the Aussies and U. S. paratroopers were sealing off Lae to the northwest.

General MacArthur's trigger action not only cut off the Lae garrison from reinforcement from the north, but it also was designed to choke off stubborn Jap troops resisting an Allied advance before Salamaua, farther to the southeast.

HEALTH:

Holding Up Well

Civilians are maintaining a better level of health than federal authorities expected, despite food rationing, longer work hours, and fewer doctors and nurses available, the Office of War Information reports. While mortality and sickness rates are slightly higher, the statement comments that the rise is not more than could be anticipated, considering wartime strain.

The only serious epidemic condition is the increase in infantile paralysis (poliomyelitis) and spinal meningitis. More than 4,500 cases of infantile paralysis have been reported throughout the nation this year, the largest number since 1934. Spinal meningitis cases total 13,360, the greatest number since 1914, when records began.

2,000,000 OVERSEAS:

Marshall Reports

Of 7,000,000 men in the army July 1, 2,000,000 were overseas, Gen. George C. Marshall, U. S. chief of staff, revealed in his biennial report to the nation.

Of the 7,000,000 men, General Marshall said, 521,000 are officers, with 1,065 generals. More than 2,000,000 men are serving in the air force.

Experience shows that six tons of shipping are necessary to transport a soldier and his accessories overseas, and his supply requires one ton a month, General Marshall said.

At the time the Japs attacked the Philippines, General Marshall stated, six troop ships and nine cargo vessels were enroute to the islands.

WACS

Most of the officers of the Women's Army Auxiliary Corps (WAACS) have taken the oath in the new Women's Army Corps (WACS) the war department announces. Of 5,977 WAAC officers, 5,658 have transferred to the new organization without change of rank. Of the 310 women who have not been given the oath, 41 may yet join, but their cases are pending. The others have dropped out for failure to meet physical requirements or other reasons, it was said.

MANPOWER:

Control Coast Labor

With 160,000 more persons required for shipyards and 100,000 for aircraft factories on the West coast, War Mobilization Director James F. Byrnes announced that the WMC received control of the supervision of labor in that area.

A copy of a program already developed in the Buffalo, N. Y., area, the WMC's West coast plan involves: 1. Determination of necessary production schedules in various factories; 2. Shift of labor to essential employment from less essential work or services; 3. Allotment of manpower to the more important industries in the area; 4. Distribution of farm help wherever most needed throughout the West coast.

Time to Switch

Along with adoption of the West coast plan, the WMC's selective service bureau sought to co-ordinate its draft program with industrial needs.

First, the bureau ordered that all non-deferrable workers seeking to switch to essential production be given 30 days, or till October 15, in which to find such employment through registration with the U. S. Employment service. The WMC previously ruled that essential occupation, and not dependency, be the basis for draft deferment.

Second, the bureau instructed local boards that before they induct any workers skilled in 149 critical occupations, they must submit the names of such men to the U. S. Employment service. The service will then determine whether these men are more urgently needed by another employer.

GOP:

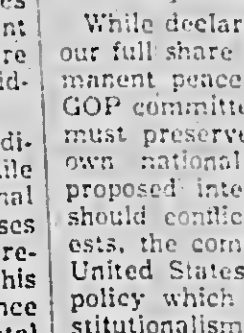

Keep Sovereignty

Co-operation in the preservation of peace without the loss of U. S. sovereignty constitutes the basis of the Republican party's post-war advisory committee's recommendation for future American foreign policy.

Meeting on historic Mackinac Island, Mich., under National Chairman Harrison Spangler, the GOP committee struck the theme for its 1944 plank on foreign affairs.

While declaring that "we must do our full share in a program for permanent peace among nations," the GOP committee members said, "we must preserve and protect all our own national interests." If any proposed international co-operation should conflict with our best interests, the committee said, "then the United States should adhere to the policy which will preserve its constitutionalism as expressed in the Declaration of Independence."

For conquered countries, the committee recommended disarmament and destruction of war industries.

Harrison Spangler

RUSSIA:

Regaining Wealth

Under the weight of massed Red attacks, German troops slowly fell back to the broad banks of the Dnieper river in southern Russia.

With many of the rich coal and iron deposits of the Donetz basin in Russian hands again, advancing Red armies also reclaimed much of the fertile farm land of the Ukraine, famed for its black earth and wheat and cotton fields. Slicing into the heart of this province, the Reds severed the Nazis' main rail connections to the north.

With the natural resources, Russian troops also recovered many former industrial cities, like Kharkov. But having been wracked by warfare and their manufacturing facilities demolished by the Germans, reconstruction will be necessary to restore them to production. In the north-central sector, Red troops pounded at the gateway into White Russia, adjacent to the former state of Poland.

MISCELLANY:

OCTANE GAS:

High octane gasoline that will give motorists 50 to 70 miles to the gallon is predicted as a post-war development of the oil industries by William Carney, a research chemist for a large refining company. The new automobiles using this 90 to 95 octane gasoline will have smaller motors and lighter bodies, made of alloys or plastics, it is believed.

U. S. TREASURY:

Seeks Billions

High finance has come to the forefront with the treasury's efforts to raise 100 billion dollars for war expenditures during the present fiscal year ending June 30.

Approximately 50 million bonds valued at 15 billion dollars are expected to be sold during the treasury's present bond selling campaign. All of the money will be sought from individuals and businesses, with banks offered a limited number of securities after the close of the public drive. However, the treasury has been obtaining 100 million dollars weekly through short term bill sales to banks.

With congress reconvened, Representative Robert Doughton's house ways and means committee was looking forward to consideration of new tax legislation to raise an additional 12 billion dollars requested by President Roosevelt. Present levies will yield 38 billions dollars.

RAIL WRECKS:

High Toll

Crowded with passengers returning to New York, the Pennsylvania railroad's mighty Congressional Limited streaked through the North Philadelphia station. On it whizzed to Frankfort Junction, Pa. Then, a burned journal on the seventh car of the 16-car train gave, throwing the coach high into the air.

Hurling against a steel girder of a signal tower, the upper section of the coach was sheared right off. Careening wildly, the car behind smashed into the wrecked coach, and the rest of the train left the rails and plowed along the right of way. Fire broke out in some of the cars. More than 50 dead and 125 injured were removed from the wreckage.

Several hours later, the New York Central's Century Limited was roaring

Rep. Robert Doughton

along near Canastota, N. Y., when its locomotive exploded, derailing nine of the 15 passenger cars. The first four cars lunged down an embankment; the others were strewn all over the tracks. Heavy steel rails were plowed up and twisted into fantastic shapes. Three crewmen were killed; approximately seven passengers injured.

U. S. - BRITAIN:

Tongue Common Bond

Speaking at Harvard university, Prime Minister Winston Churchill declared the United States and Great Britain must march together "in those realms of thought which are consecrated to the rights and dignity of man."

It would be a most foolish and imprudent act on the part of our two governments . . . to break up this smooth running and immense powerful machinery the moment the war is over," Churchill added.

Commenting on studies being made by a special commission to construct a basic English language for use by all people, Churchill said such a common tongue offers far better opportunity for understanding between people than "taking away provinces and land or grinding them down in exploitation."

Stating that a common speech had drawn the United States and Great Britain close together in war, Churchill said that it may well prove the foundation for a common citizenship.

ECONOMIC DIRECTOR:

Appointed for Italy

Former assistant to Vice President Henry Wallace when he was secretary of agriculture, and more recently head of the Farm Security Administration, 41-year-old Calvin B. Baldwin was named area director of economic operations in occupied Italy.

As area director, Baldwin will

To cooperate with the Government's nation-wide campaign to save manpower, transportation, fuel and critical materials...you are asked

by the War Production Board to

CONSERVE ELECTRICITY

...as part of a voluntary program instituted by the War Production Board, the Office of Defense Transportation, the Petroleum Administration for War, the Solid Fuel Administration for War, the Office of War Utilities, and other governmental agencies.

THIS LETTER asks the cooperation of the power industry and its customers in a broad effort to release critical resources for war purposes. It was accompanied by requests from the Office of War Utilities for conservation of electricity by commercial, industrial and residential users.

We are asking all of our customers to cooperate with us in this program, and we will be pleased to assist them wherever possible to meet its objectives.

The program is not intended to reduce lighting in building entrances, interiors and hallways below levels consistent with public safety—nor should lighting for industrial plant protection be reduced. Light for reading or working should be maintained at levels consistent with eyesight conservation.

This Company is glad to do its part in this nation-wide plan of the War Production Board for the conservation of critical resources.

SUMMARY OF THE VOLUNTARY CONSERVATION PROGRAM REQUESTED BY THE OFFICE OF WAR UTILITIES

Commercial and industrial establishments have been given requests from the Office of War Utilities for conservation in the use of electricity for—

- Indoor and outdoor advertising, promotional and display sign lighting—
- Decorative and ornamental lighting, including decorative pool lighting—
- Show window lighting which does not provide essential interior illumination—
- Lighting of marquees (other than advertising signs) and building entrances—
- Lighting of outdoor business establishments—
- General interior illumination and show case lighting.

In addition to these requests, general conservation in unnecessary use of electricity has been asked of all commercial, industrial and residential users. Among these are less reduction in temperature and relative humidity in air conditioning, elimination of waste in use of various electric appliances such as refrigerators

ranges, space heaters, water heaters, and reduction in use of white way street lighting to lower levels consistent with public safety.

It is pointed out that in order to conserve critical materials used in the manufacture of light bulbs, the desired reduction in lighting should be obtained primarily by turning off lights which are not necessary rather than by substituting lower wattage lamps. Lamp bulbs should not be replaced until completely burned out.

Likewise, no effort is being made to curtail necessary military, aviation and police lighting, lighting essential to public health, including eyesight conservation and safety, plant protection, transportation and production purposes.

As outdoor recreational activities are considered essential for wartime morale, the use of electric energy necessary for this purpose is not being discouraged, although such economies are urged as can be achieved in these fields without impairment of function.

Electricity has gone to war—don't waste it!

SOCIETY EVENTS

Marjorie Ferris Becomes Bride of Maynard Schneider

Now away on a short wedding trip, after which they plan to live on the J. A. Rustman farm at Bassett, Wis., where the bridegroom is at present employed, are Mr. and Mrs. Maynard Schneider, whose wedding took place Wednesday afternoon in the Lake Villa church with the Rev. John DeVries officiating at the double ring ceremony.

The bride is the former Miss Marjorie Ferris, daughter of Mr. and Mrs. Paul M. Ferris of Antioch. The bridegroom's parents are Mr. and Mrs. Walter Schneider, Lake Villa.

Miss Ruth Ferris attended her sister as bridesmaid. Both wore ensembles in blue, with navy accessories, and had corsage bouquets of roses. Mrs. Ferris was gowned in blue, and Mrs. Schneider in gold.

Howard Schneider acted as best man for his brother.

The wedding march was played by Mrs. F. E. Ennell, Oak Park, cousin of Mrs. Ferris. Mrs. Ennell also sang "At Dawning" and "Because" during the service.

Eighty guests were entertained at a reception in the home of Mrs. Drucilla Ferris, grandmother of the bride, at 445 Lake street.

Out-of-town guests included Mr. and Mrs. Charles Schneider, Miss Ella Hart, Charles Anderson, Milwaukee; Mr. and Mrs. Fred Kirchwehn and daughter, Judy, Mr. and Mrs. J. W. Farrell and daughter Jane, and Mrs. Walter Redfield, Chicago; Mr. and Mrs. F. E. Ennell, Mrs. Margaret Hazen and son, Parker (Y3C, USNR), Oak Park; Mr. and Mrs. Claude Conn, Barrington, Ill.

The bride, who is a graduate of Antioch Township High school, has for the past two years been employed at the Jewel Tea company in Barrington. The bridegroom is also a graduate of Antioch Township High school.

DUNNINGS ARE NOW AT E. PORT ORCHARD, WASH.

Mr. and Mrs. J. Dunning send greetings from East Port Orchard, Wash., where they have moved. "Jess is working for the Navy, about 75 miles from where we are living, and is feeling much better," says Mrs. Dunning.

HOME BUREAU UNIT TO HEAR TALK ON FABRIC AND CLOTHING SITUATION

"The Clothing and Fabric Situation" will be discussed by Mrs. Helen Volk, advisor, at a meeting to be held by Antioch unit of the Home bureau Wednesday, Sept. 22, in the home of Miss Bertha Schmidt, Little Silver lake, Antioch.

The unit delivered 161 dozen cookies to the Waukegan U. S. O.

ROYAL NEIGHBORS HOLD SCHOOL OF INSTRUCTION

Antioch members of the Royal Neighbors who attended a district meeting and school of instruction in Waukegan Wednesday included Mrs. Myrtle Hufendick, Lake county chancellor, and Mrs. Myrtle Klass, who took part in the school of instruction.

LEGION AUXILIARY ELECTS DELEGATES

Delegates to the Tenth district who were elected at a meeting held by the Antioch American Legion auxiliary Friday evening in the Legion club rooms include Misses Lillian Hand, Maud Johnson, Eva Burnette, Agnes Hills and Claire Horton. Alternates are Misses Sadie Keeney, Alma Hadden, Olive Tweed, Myrtle Klass and Sine Laursen.

The meeting was the first at which the new president, Mrs. Anne Heath, presided. She succeeds Mrs. Eva Burnette, president during the 1942-43 club year.

Mrs. Lillian Hand, membership chairman, reported that the Antioch auxiliary now has a paid-up membership of 56, lacking only 5 of being a 100 per cent paid-up membership.

GRASS LAKE P. T. A. WILL MEET FRIDAY

Mrs. Emil Steiskal, the new president, will officiate at the opening meeting of the Grass Lake Parent Teacher association, Friday evening at 8 o'clock in the school house. Plans for the year will be discussed.

Mr. and Mrs. N. E. Sibley have closed their home here and left Monday for Dayton, Ohio, where Mr. Sibley is construction engineer at Wright and Patterson Fields. Their younger daughter, Rosalie, a high school senior, will finish her course at the Columbus School for girls at Columbus, Ohio. Mary Lou, elder daughter, will complete her nurse's training course at St. Luke's hospital in Chicago, early next year.

Mr. and Mrs. Frank Goggins of Libertyville visited with their aunt, Mrs. Anna Kelly, last Friday to help her celebrate her birthday anniversary.

Capt. D. N. Deering of Camp Haan, California, is enjoying a fifteen-day furlough following six weeks maneuvers in the desert in southern California. The Captain was calling on friends in Antioch Monday evening and was an over night guest in the home of Mr. and Mrs. B. R. Burke. He reports his wife and two sons are in the best of health.

News of the Boys

(Continued from page 1)

"The only thing I'd like better than the hankie would the airplane if he were in it," Chuck says. "The stars are all different here—in fact, everything seems different here, and I wish you could be here to see it."

"I'm now at Camp Butler, N. C.," is the latest word from Pfc. Carl Wurster, "and the first day, who should I run into — Jack Koppen. Was Jack surprised? I'll tell the world he was, and told the other guys that finally another soldier from good old Antioch had finally showed up. Boys, here's a hot tip. Don't land in N. C. — it's a 'DRY STATE.' Ration stamps for liquor, and one quart a month. Doesn't sound good — and the beer, they laugh at you when you tell 'em to fill 'em up again. And always say, 'Save

some for your buddy.' . . . I still drive for the Colonel."

From Pfc. Lyle A. Teichert, at Camp Stewart, Ga., the mornings mail brings a post card and the note that it's still warm down there.

"You can't say 'Aloha' when you leave—that's a military secret," writes Pvt. Gordon Collins, "and harbor lights is just the name of a song." (Ed. Note: Nevertheless, Aloha, to you, too, Gordon, and thanks for them kind words in your letter.)

Pvt. H. James McBride, who has been with the Air Corps signal service at Patterson Field, Fairfield, O., received an honorable discharge on medical grounds Sept. 13, and is here visiting his mother, Mrs. Grace Bluhm. He and his wife plan to go to Zanesville, O. to visit Mrs. McBride's mother, Mrs. J. W. Wortman.

Av. Cadet Winsor A. Dalgaard has been transferred from Iowa City to the Naval Air station at Ottumwa, Ia.

Cpl. Jack L. Seib has finished the radio course at Kansas City and has been sent to Camp Davis, N. C., he writes.

Av. Cadet Ralph G. Bendel, Grass Lake road, is among the 382 young men from the state of Illinois who are now stationed at the Army Air Forces Preflight school for pilots at the San Antonio, Texas, Aviation Cadet center.

Pfc. Thomas Quilty, formerly of Ft. Francis E. Warren, Wyo., has been transferred to Camp Claiborne, La.

Ensign E. A. Girtler, USNR, is now on active sea duty, he writes.

"Antioch is a swell town," Howard Atwood, F. I. C. writes nostalgically from Norfolk, Va., but adds that the state of West Virginia fascinates him. "It is made up entirely of high hills which are covered with jutting rocks and heavy foliage. Shanties perch on the hillside and on the edge of small cliffs where it seems as if a good hailstorm would topple them over."

Greetings from overseas and commendation to the Antioch Legion post for its work on behalf of the men in service comes from Major Otto Kerner, Jr., who says, "The activities of the folks at home are very encouraging."

From Sgt. H. W. Larson, also overseas—"It's not like old times going into Williams' Hardware department store and having 'Lew' hand you out one of his jokes, or a chat with 'Bob' Mann in his grocery store, or an 'extra special' soda by Atkinson, but we're plenty rugged and can take it. . . . I don't know all the people who are mentioned in the paper, but I do get some news of the people I know. Perhaps it's an ad by one of the local merchants that brings back memories and happy thoughts. Perhaps it's the Antioch Lumber company and the Vos boys (pardon me for saying 'boys'), or about the Legion Carnival, where we always had so much fun, but at any rate you forget the war side for a while and think of the swell times at the lakes. . . . You had an article in the paper of one of the town boys who was lost in action. I attended the Memorial Day services for him and his buddies. . . . It was fellows like him who won the battles for us and wiped out the enemy in this campaign."

Something of a "family reunion" was enjoyed at the home of Mrs. Maud Brogan Hurtgen during the week-end. Sgt. Robert Hurtgen has been here from Ft. Leavenworth, Kans., on a ten-day furlough, and Lt. Peter J. Hurtgen, Mrs. Hurtgen and their family came up for the week-end from Scheik General hospital, Clinton,

Ia., where he has been stationed. Lt. Hurtgen was transferred to Clinton a short time ago from Camp Hale, Col.

Sgt. Lorraine Pape has been home from Almagordo, N. Mex., visiting her parents, Mr. and Mrs. Henry Pape Monday.

at Lake Maria. Her brother, Earl, who has been on active duty with the U. S. Navy in the Pacific area, arrived home last Friday night for a three-day visit. Lorraine, who arrived here Sunday, will go back to Almagordo next Monday.

STATE OF ILLINOIS

COUNTY OF LAKE

Public notice is hereby given that I, Gustaf H. Fredbeck, County Treasurer and ex-officio County Collector of Lake County, in the State aforesaid, will apply to the County Court of said County on Monday, the 27th day of September, A. D. 1943, for judgment against the lands and lots mentioned and described in the following list of delinquent lands and lots for the general taxes and personal property tax attached hereto for the years 1910, 1911, 1912, 1913, 1914, 1915, 1916, 1917, 1918, 1919, 1920, 1921, 1922, 1923, 1924, 1925, 1926, 1927, 1928, 1929, 1930, 1931, 1932, 1933, 1934, 1935, 1936, 1937, 1938, 1939, 1940, 1941, and 1942, together with interest, penalties, and costs due severally thereon, and for special taxes and special assessments due for the years 1914, 1915, 1916, 1917, 1918, 1919, 1920, 1921, 1922, 1923, 1924, 1925, 1926, 1927, 1928, 1929, 1930, 1931, 1932, 1933, 1934, 1935, 1936, 1937, 1938, 1939, 1940, 1941, and 1942, together with interest, penalties, and costs due severally thereon, and for an order to sell said lands and lots for the satisfaction thereof. Public notice is also hereby given that on the second Monday of October, A. D. 1943, all the lands and lots, for the sale of which an order shall be made, will be exposed to public sale in the County Court Room, in the building where said County Court is held in said County in the Court House at Waukegan, in the said county, for the amount of taxes, special taxes, special assessments, interest, penalties, and costs due severally thereon, except such as shall have been paid at said time of sale. Said sale shall commence at 9 o'clock A. M. Central War Time, on the 11th day of October and to continue from day to day, until the same shall be completed and if for any cause such judgment shall not be rendered on the said 27th day of September, then such sale will be made on the second Monday after such judgment shall be rendered commencing at 9 o'clock in the forenoon of such second Monday.

Costs on each tract or description of land 28 cents, on each lot or description of lot 16 cents. Also interest at the rate of 1 per cent per month will be added after June 1st on the first installment and September 1st on the second installment.

THE SIN OF MOSES AND AARON

LESSON TEXT—Numbers 20:1-13, 27, 28.
GOLDEN TEXT—Be ye angry, and sin not.—Ephesians 4:26.

Sin is a serious matter, and even though men in our day may not care for it by its real name, it is as much here as it was in the days of Moses—and it is just as awfully sinful ever.

Sin is universal; it appears not only among the people, but also among their leaders. God's dealing with it is on the basis of "greater privilege, greater responsibility." No leader, especially in God's cause, can expect special consideration for his weakness. He must meet God and answer for his sin.

I. The Unbelief of the People (v. 1-5).

It is well to bear in mind that the people of Israel who were not at Kadesh-Barnea, on the border land of Canaan, had been here on before—40 years before. Here they had rebelled against God in unbelief because of the report of the spies concerning the land. Because of their unwillingness to take God at His word, they had been sent to wander 40 years in the wilderness until the complainers had died. Remember that graphic and instructive story in Numbers 13 and 14.

Now they were back at Kadesh-Barnea, and a new generation shows that the spirit of unbelief and distrust has a hold on humanity, and makes men like father.

They had run short of water. The spring which had served them well there on the previous visit to Kadesh had run dry.

One would have supposed that the mighty dealings of God in the deliverances over and over again would have indicated the need of faith; but they had only a vain criticism of God and His leaders.

II. The Answer—God's Promise (vv. 6-8).

Moses and Aaron, now, old and feeble, but still God's chosen leaders, told their sorrow to Him (v. 6). It was the right place to go, for power longeth unto the Lord (Ps. 62:1). Instead of punishing the people for their unbelief, God calls to His servant Moses to show to the Lord (He God) is able. At a word from Moses, the rock would bring forth water before their eyes.

Is not that the perfect answer to all man's questioning and lack of faith—the revelation of the omnipotence of God?

But God's purpose is defeated at least in a measure) by the

III. Unbelief of the Leaders (vv. 9-11).

Instead of taking their place as the servants and subordinate of God, Moses and Aaron claimed that they would provide water (v. 9). Instead of showing God's power in speaking to the rock, and His mercy in providing for the people, they entered a rebuke; and then, by using the rock, took to themselves the honor that really belonged to God.

When called upon to act for God, they acted for themselves, and for their own name. They used for their own glory the power delegated them by God. Let us beware that we do not fall into the same error.

Let us also note that if the punishment seems severe, we should recall that they had broken a yoke of Christ. Christ was the Rock, and was to be smitten at Calvary; the water of life might flow. But He died once for sin (I Cor. 10:4) and is not to be smitten again. We need now only speak to Him in faith and receive life.

In Exodus 17:5, 6, Moses struck the rock, presenting the first of the type foreshadowing the work of Christ; now he was to speak, fulfilling the type, and in so doing he destroyed God's picture of the redemption. It was a grievous sin.

IV. The Answer—Judgment (vv. 12, 13, 27, 28).

Moses and Aaron were not permitted to enter the promised land, because of their failure to doubt it was true that their future to be with the Lord was sense "far better" for them, yet it cannot be denied that there was disappointment in not the conclusion of their long and arduous labors.

The lesson is clear. We may serve God long and faithfully, but not get any excuse for "letting down" our closing years. We dare not presume, as though our first touch with God and place of worship gave us an "inadequate right to take it easy, spiritually and morally.

Sin is always sin, and it is especially grievous in one who has the privilege of high position and power with God.

God buried His workmen; their work went on. For Aaron, the high priest Eleazar (v. 28). For there was a Joshua, "full of the spirit of wisdom" (Deut. 34:9) always so. None of us is immune.
